- Commissioner Graves asked if Joe knew where a previously discussed change room/washroom building at the Community Park might be located. Joe responded that he has a proposed sight but will need to check and see if any changes will need to be made to our source water protection document.
- Commissioner Leier suggested that this be added to the agenda for the Source Water protection meeting in February.

g) **CAO/Clerk Report** – Brock McDougall sent a written report:

I. Streets and infrastructure Update:

- Meeting was planned with NS Public Works Area Manager. They are still working on our list of requests but there has been no definitive commitment to any of the items we've raised.

II. Fire Department Recruitment Sign

- We have approval from Public Works and the Municipality of Kings to put up the sign in the Village Welcome area as long as it is temporary (30 days)

III. Leased Greenspace update.

- Update was received from Geoff Muttart:
 - Leased term is 10 years with an additional 10 year renewal option.
 - Infrastructure can remain on the land at the end of the lease term. The Commission agreed that this would be acceptable to keep the process moving forward.
 - It is expected that the Village would request a lease extension or any new infrastructure investment, to match the life of the investment. (i.e, if a new backstop were put in at the ball field we'd want to extend for the reasonable life of the fencing).

- The Village is responsible for liability other than something directly caused by the Municipality, the Municipality should be named on the liability policy.
- Any accessibility requirements that must be satisfied to access the lands (not the infrastructure) pursuant to the Accessibility Act is to be Municipality's responsibility
- Village must get permission before constructing anything or changing use on the land.
- The Village will maintain the land and ensure use is consistent with accepted practices and guidelines for recreation.
- Municipality will monitor the land for non-permitted uses.

IV. Consultation – Re: Code of Conduct update

- The Department of Municipal Affairs is conducting info/consultation sessions in February regarding the implementation of Council/Commission Codes of Conduct.
- Recommendations from the Code of Conduct working group have been circulated.
- We are waiting to determine how implementation may vary between councils and commissions.

7. FINANCIAL REPORT:

- a. The written report of the previous months financial activities was distributed.
- b. It was moved and seconded that the Commission approve the Village General Operating and Water Utility financial statements for December 2022, as submitted. **MOTION CARRIED**

8. NEW BUSINESS

- a. Commissioner Graves mentioned that there has been some unwanted use of the Villages public washroom and wanted to know if the Village should lock the washrooms. Joe said that we have had this issue in the past but have been able to identify and deter the misuse. The Commission agreed to not lock the washroom.
- b. Joe mentioned that there has not been a budget and capital meeting with staff and commission for a couple of years and wanted to know if there would be one soon. Commissioner Leier assured Joe that there would be.
